SOLIDUS SOLUTIONS

WORLDWIDE CREATOR OF FINEST
QUALITY SOLID BOARD AND PACKAGING.

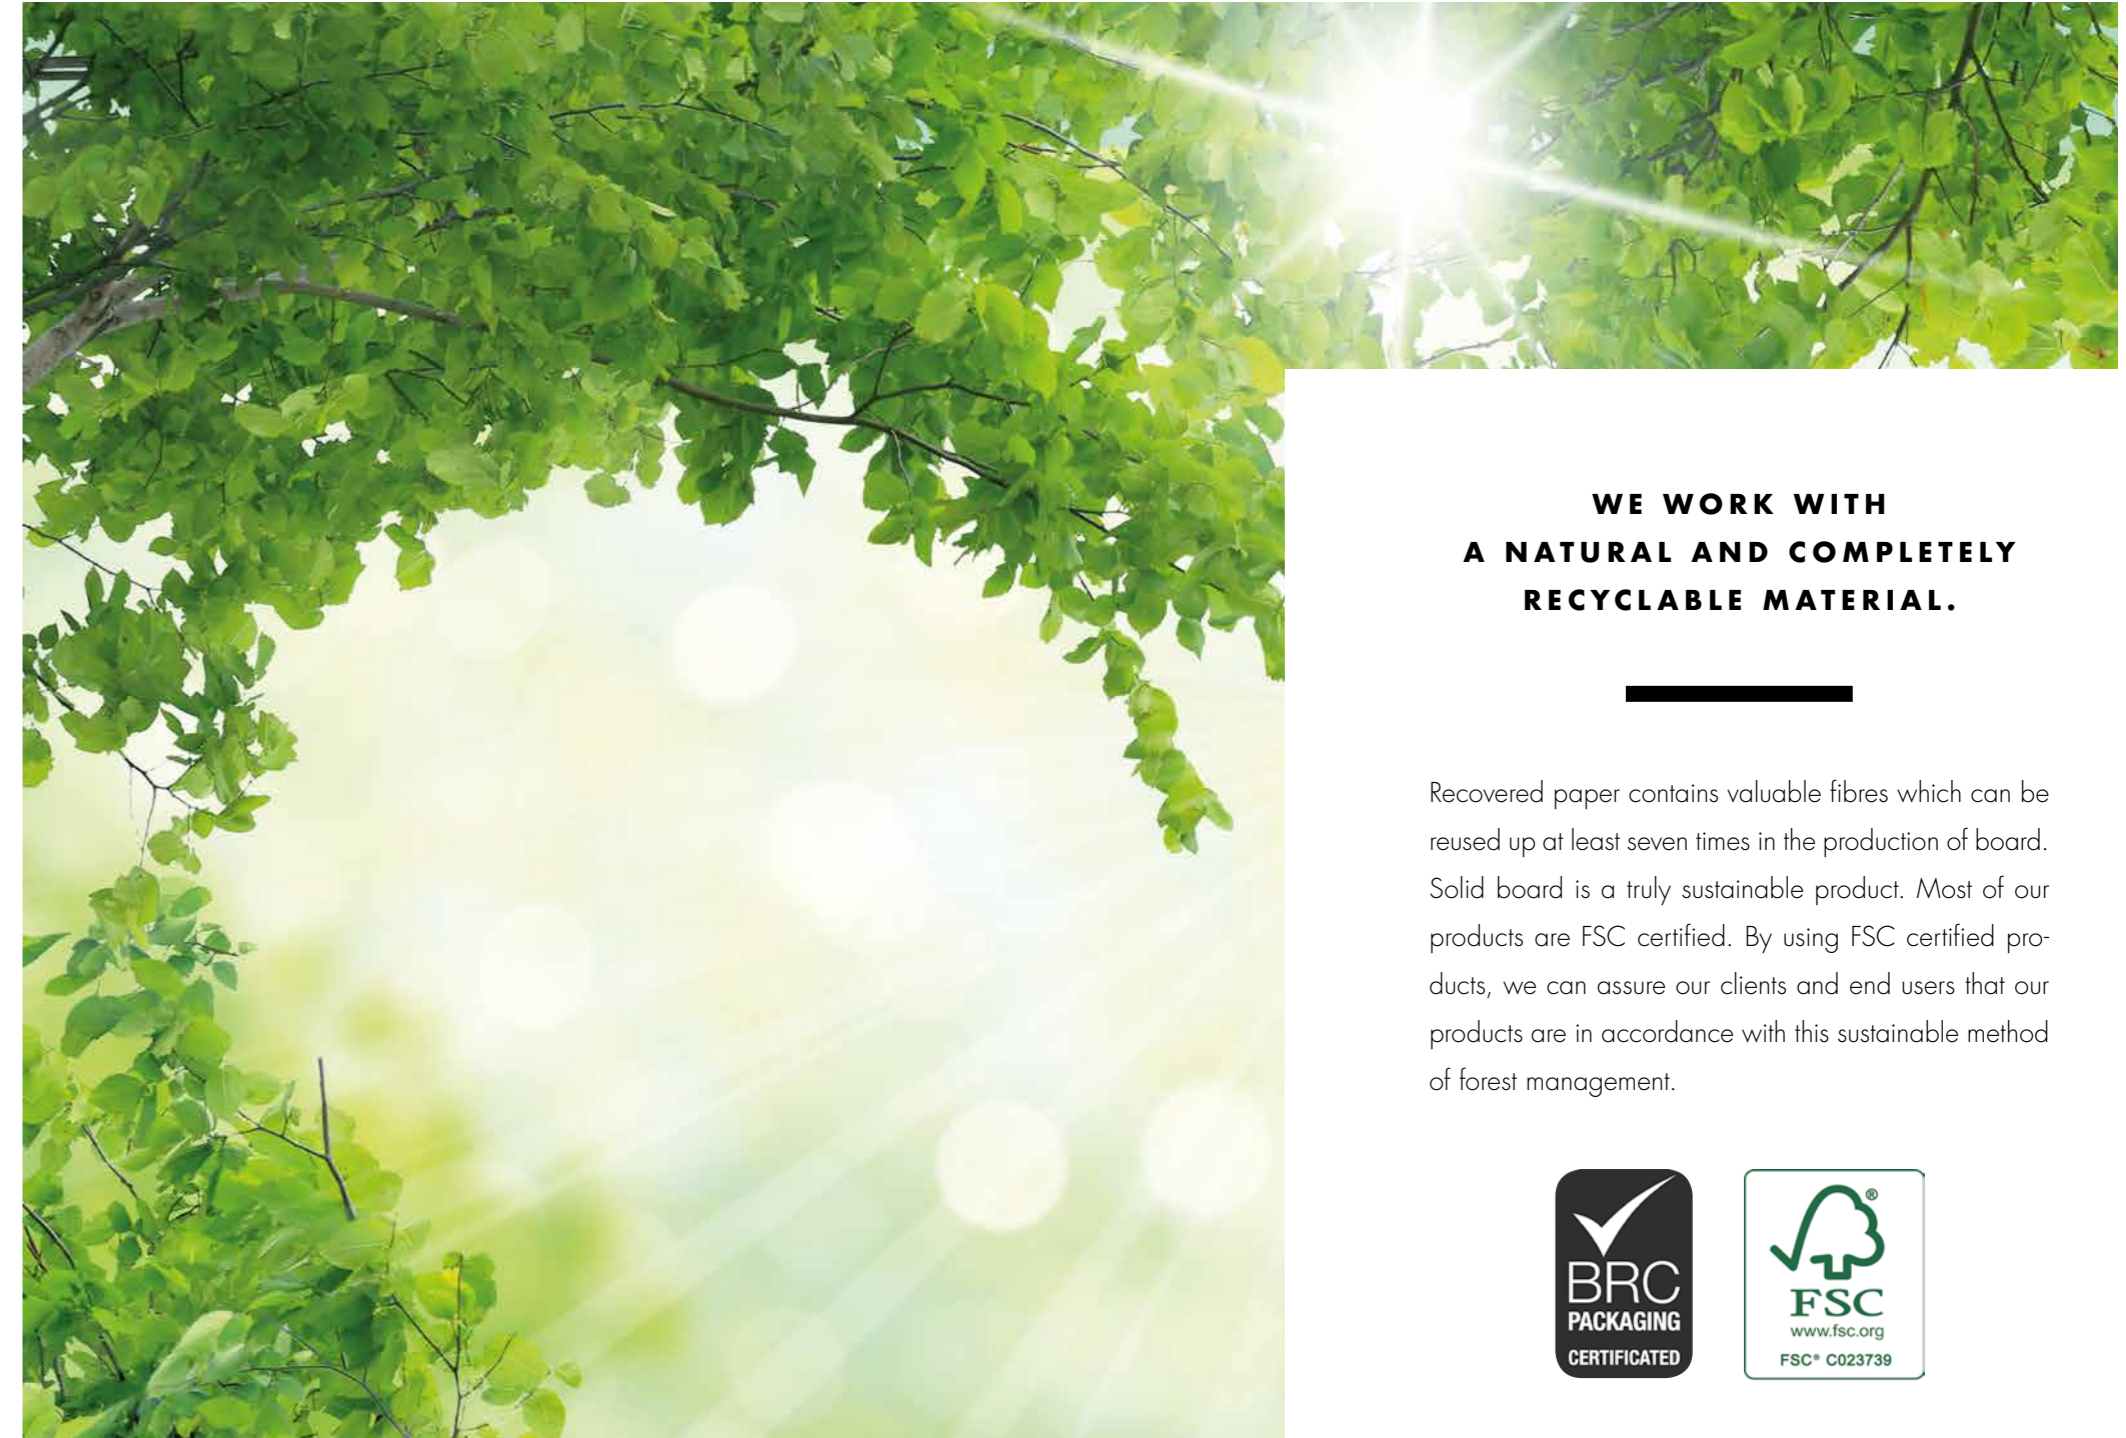

SOLIDUS SOLUTIONS is an integrated solution provider specialized in the production of solid board sheets and recyclable solid board packaging in various compositions for numerous markets. The company has a long history dating back 150 years and has production facilities (four solid board mills and four packaging plants) in the Netherlands,

in Belgium and in the UK, as well as dedicated sales offices in France and Norway. It is the largest solid board operation in Europe which is also represented in more than 80 countries worldwide. The company employs almost 1,000 people and performs a combined capacity of 430,000 tons.

WE LIVE PAPER, BOARD AND PACKAGING.

Paper and board is a big part of what we do. We produce the widest range of solid board solutions from the finest quality. We offer solid board sheets in various compositions, each with its specific features for numerous markets. As an international and integrated solution provider, we support our worldwide customers from the very first beginning and know how to use the advantages of solid board in a superior way. Our customers can rely on a world class operational organisation that provides endless services with a clear strategy, creative solutions and a cost-effective delivery for a successful and sustainable future.

WE WORK WITH A NATURAL AND COMPLETELY RECYCLABLE MATERIAL.

Recovered paper contains valuable fibres which can be reused up at least seven times in the production of board. Solid board is a truly sustainable product. Most of our products are FSC certified. By using FSC certified products, we can assure our clients and end users that our products are in accordance with this sustainable method of forest management.

YOUR SOLID BOARD SOLUTION PARTNER.

SOLIDUS SOLUTIONS offers the widest range of solid board products in the market. Our four board mills offer maximum flexibility and are able to produce solid board to the specific requirements of solid board users all over the world. Our well-known market lines respond to this. Each market line is based on the final application and the necessary conversion processes involved.

THE BEST SOLUTION FOR YOUR APPLICATION.
